

ADMISSIONS 2010

Dear Applicant,

St. Joseph's College, Bangalore is a unique institution. Situated at the heart of the city of Bangalore, it is a College for serious students who are excited about doing a B.A./B.Sc./B.S.W./M.A./M.Sc./M.S.W./M.S.(Communication). As an autonomous college under the Bangalore University, the course work here is rigorous with an up-to-date syllabus. We have students from every state of India and more than 12 countries. Our academic standards are internationally competitive. The University offers a three major system. The internal assessment system introduced by the college soon after the introduction of autonomy, demands from every student minimum percentage of marks in the internals to appear for the end-semester examination. As a college committed to all round development, every student has to gain a minimum of ten credits in activities other than academics. The college has a committed faculty and the labs are the finest. The University Grants Commission has included the college as a "College of Potential Excellence" in the very first list of Colleges for its extensive research culture.

We warmly welcome students who are very keen and serious to pursue a Degree or Post-Graduate Programme. Given the large number of applications, we request students who have applied to professional courses not to apply here. We shall accommodate you if we have places after the admission of those who are keen to do Sciences and Social Sciences.

Application forms will be issued from 1st April 2010. They will also be available in our website. Admissions will begin soon after the 12th standard results. Those students who have completed the course in 2009 may apply to the college and meet the Principal from 1st April to 5th April for admissions. The following courses are offered at the College:
