NOTICE FOR 4TH SEMESTER UG SCIENCE STUDENTS

A few 4th semester UG students from Schools of Physical sciences, Chemical sciences and Biological sciences had requested the VC to allow them to take additional courses on Mathematics which are mandatory for their higher studies. Such students are hereby directed to register for MTOE 5 course for chemistry and mathematics or MTOE 4; Mathematics for Biologists. They can cancel the Open Elective course already selected for the 4th semester. Students are hereby directed to write a request letter and meet the COE on the 30th-31st January between 12.30 and 1.30pm.

They can also select mathematics courses one each in the 5th and 6th semester and such courses will be in addition to the regular mandatory courses. These marks will be added in their marks cards. With this they will have 9 credits in mathematics subject.
