NOTICE

CHEVENING SCHOLARSHIPS & FELLOWSHIPS

The application window for Chevening Scholarships & Fellowships is now open. Chevening is the UK government's flagship global scholarship scheme. Chevening India programme is the largest in the world offering up to 100 fully paid scholarships and fellowships, every year. Currently there are over 3500 Chevening alumni in India. Application link: <https://www.chevening.org/scholarship/india/>

Scholarships are given to outstanding Indian graduates for a one-year Master's degree, to study any subject, at any recognised university in the UK. This year we hope to send more scholars to the UK as the Adani Group has partnered with Chevening to co-sponsor 5 scholars who will study a one-year Master's course in Artificial Intelligence. In addition, the State Government of Jharkhand will co-sponsor 5 Chevening scholars belonging to the minority groups in Jharkhand.

Fellowships are bespoke courses aimed at mid-to-senior level professionals who are looking to expand their knowledge and expertise in their specific field of work. The programmes are tailored, short courses which usually run for 8-11 weeks at a designated UK University. The programme embraces a multi-disciplinary approach that includes a combination of formal course modules, lectures, group discussions, workshops, mentorship, individual projects, targeted visits and a host of meetings with relevant high-profile companies/organisations and sector experts.

If there are any queries you receive, do send your email to below details.
